BROKE UP PLANS OF COMPROMISE

Butler-Adams Cases Still in Court.

Solicitor Gattis Refused To Nol Pros Criminal Cases Unless Costs Are Paid and Entire Proceedings Queered—Each Side Claimed the Other Side Should Pay the Costs—Some Interesting Facts in the Cases.

In Superior Court yesterday morning the entire compromise proceedings in the noted Adams-Butler cases were queered when Solicitor Samuel M. Gattis refused to nol pros the criminal cases against Marion and Lester Butler unless some provision was made to cover the costs in the case. Each side wanted the other to pay the costs and neither side would. As a result of the failure to nol pros the cases counsel for Judge Adams requested that the judgment signed Friday nonsuiting the civil cases be stricken out and this was done.

So this leaves the entire matter just where it was two months ago. It will be remembered that on July 28 the plaintiff and defendant in the civil cases, through counsel, signed an agreement to non-suit the civil cases and each side to ask for a nol pros in the criminal actions then pending against the Butlers. However, no provision was made to cover the costs incurred in trying one of the criminal cases against Marion and Lester Butler, the costs being in the neighborhood of $300. The case was decided against the defendants and went before the Supreme court. A new trial was granted and the case came back. Then it was that the defendant and plaintiff considered the advisability of non-suiting the civil cases pending, the result being as above stated.

Judge Lyon agreed to strike out the order signed non-suiting the civil cases, the counsel for the defense excepting to this action on the grounds that the judgment was based on a written agreement bewteen the parties and attorneys. He also ordered notice to issue to Judge Adams to show cause at the next term of court why he should not be marked as prosecutor. Just what cause he will show in answer to this is a matter of speculation. It is quite probable that some agreement as to costs will be agreed upon before that time for there is a strong possibility that Solicitor Gattis will take the case up at the next criminal term.

The proceedings and discussion leading up to the unexpected denouement of this notorious case, were of sufficient interest and importance to justify a more detailed report.

After ascertaining that no arrangement had been made to pay the costs, Solicitor Gattis ordered the defendants called. Mr. Justice, of counsel, stated that Marion Butler was in town and Lester Butler could come from Raleigh by sunset, but it had been understood that their presence would not be expected. Solicitor Gattis said that as a result of an agreement in a civil case, he had thought the parties understood that before any nolle pros would be entered, even by request of the private prosecutor, the costs should be paid so that the county would not be taxed with it. He said that as far back as last April he had received a letter from Aycock & Winston, reprsenting Butler, stating that a settlement of the cases was in progress and that the only trouble in the way was the matter of costs, and asking Mr. Gattis what he would be willing to do, provided all parties agreed to a nolle pros. Gattis replied that he would not agree to a nolle pros unless the costs incurred by the county of Guilford in the trial and conviction of the Butlers in the Superior court taking a week's time, were arranged for in the settlement. Until he read the News & Observer Friday morning and saw the proposed judgment, he had received no official intimation of the terms of the agreement, and of the fact that no arrangement had been made as to the costs. Of course, taking for granted that this had been arranged in accordance with his letter to Aycock and Winston, he had not insisted that defendants should take the trouble to be here for trial. He would not call out their bonds, but until the costs were arranged for by somebody, he could not nolle pros, since he has so written as far back as last April.

Mr. Justice said this was the first he had ever heard of the letter of the solicitor to Aycock & Winston, and he was sure Judge Robinson, who made the agreement with Judge Adams' attorneys, was in ignorance of it.

The only agreement in the civil suit was that they would join in a motion to nolle pros, but that does not put the defendants in the attitude of being convicted, or change their present position, as presumably innocent of the criminal charge, for the former conviction in one case had been set aside by the Supreme court, said Mr. Justice.

This brought out Judge Strudwick, attorney for Adams, who said that in the trial it was notorious that the Butlers published the article which the jury said was libelous, but the legal difficulty was in proving the actual publication, under the rules of evidence in criminal cases. It was on this technicality alone that the Supreme court gave a new trial. The main fight in the trial centered around Butler's plea of justification, and upon this specific plea, the jury found in favor of the state and Judge Adams and found the defendants guilty. This notorious fact of publication was the basis of the Supreme court's opinion and in the pleadings in the civil suit, the defendant's answer admitted the publication. The jury having found that the charges made by the publications were not true Judge Adams had not cared to press the prosecutions since all he wanted was a vindication of his character from the aspersions made, and with this view Judge Adams had agreed to the compromise judgment.

Solicitor Gattis again said he wanted the costs paid. He was not solicitor when the case was tried, but he knew from the court docket that it had taken a whole week to try the case and that on this account the criminal docket had been congested ever since, many defendants out on bond being unable to get their cases tried and the county was put to great additional expense besides the actual court costs of the trial itself. Besides, he said, there was a civil action in the same case that might have been tried and the matter settled at expense of the litigants directly concerned, and they should not have pressed the criminal trial until they had threshed it out at their own expense in the regular course of civil litigation. The county of Guilford ought not to be made to foot this bill. "It seems to me the gentlemen could come to some agreement about these costs, especially since I had given full and fair notice before any agreement was ever reached in the civil case, that the costs on the criminal docket had to be taken care of. So far as the defendants agreeing to a nolle pros, it is rare that a defendant is not only willing to agree to a nolle pros, but they are anxious and often beg for it." Justice: "And often get it." Gattis: "But never on such liberal terms that the county pays for the liberality."

Judge Lyon here stated where civil and criminal actions were pending between the same parties about the same matter the usual practice was that the costs of the criminal action should be taken into account in the settlement of the civil action, whether by agreement or as a result of a verdict of a jury in the civil action.

County Attorney Wilson here said that he had no idea that the proposed settlement did not include the actual expense of the county in the criminal case and he insisted on behalf of the county commissioners that the costs be paid.

Judge Lyon then made his order that the cases be continued and the defendants have ten days to file bond for appearance, and that notice issue to Judge Adams to show cause why he should not be marked as prosecutor.

Mr. Bradshaw, representing Judge Adams, said there was an understanding in the negotiations pending the settlement that the Butlers were to pay the costs. The attorneys for defendants never said a word about the letter from Gattis, saying the costs had to be paid in the criminal cases. Now defendants, having obtained a signed judgment in the civil case, seemed inclined to take advantage of his position of innocence until convicted on the criminal docket and leave this matter on us. It is a burden we never assumed and will not assume.

Mr. Justice said that he had never before heard of the Gattis letter to Aycock and Winston and he was sure Robinson was equally ignorant of it. It was understood that defendants were to pay all costs in the civil cases that were due and these costs, amounting to $16, had been paid by them. Bradshaw insisted on having the judgment in the civil case stricken out, saying it was signed evidently under the supposed agreement that defendants were to pay all costs. He acquitted both Justice and Robinson of having any knowledge of the Gattis letter, or of having any part in the misleading situation. But he insisted on having the judgment struck out. Justice opposed this strenuously, but Judge Lyon struck it out and ordered the cases placed back on the calendar.

TWO WEDDINGS YESTERDAY.

Out of Town Parties Come To Greensboro To Have Nuptial Knot Tied.

Two weddings occurred in the city yesterday, all of the parties being from other cities. This only proves that Greensboro is noted far and wide as a good place to get married in. Perhaps one reason couples like to come here is because they are dealt with in a business like manner and unless they can show they are of the legal age they are not given license.

The first wedding occurred at 12:30 o'clock at the home of Rev. Melton Clark, who officiated. The contracting parties were Mr. Charles D. Eskeridge, of Fort Washington, Md., and Miss Nelle Bernard, of Durham. Following the ceremony the newly wedded couple left for their home in Maryland.

The second wedding occurred in the register of deeds office at 3 o'clock. H. Collins, J. P., officiating. The bride and groom were Mr. James F. Pool and Miss Emma Farabee, of High Point. The ceremony was witnessed by the entire board of county commissioners and two reporters, besides the county officials in the court house. Mr. and Mrs. Pool left for Winston to visit relatives before returning to their home in High Point.

IMPORTANT SUBJECTS TO BE DISCUSSED.

The Guilford County Medical Society is arranging to take up some subject of particular interest to the welfare of the citizens at each meeting and have present members of the city government and others directly concerned with the matter considered. At the next meeting on October 4 at the Elks club hookworm will be discussed, Dr. J. A. Ferrall, of the Hookworm Commission to present some of the causes and the remedy for the disease. At the November meeting public health will be taken up and at the December meeting the study will be pellagra.

Mrs. Denny's Funeral.

The funeral of Mrs. W. R. Denny, whose death was mentioned yesterday morning, was held from the late residence, 229 North Cedar street, yesterday morning at 11 o'clock, conducted by Rev. R. M. Williams, pastor of the deceased. Following the services the remains were taken to Bethel Presbyterian church where the interment was made yesterday afternoon. A large number of friends attended the last sad rites and many accompanied the body to its last resting place. There was a profusion of beautiful flowers.

Corinthian Lodge A. F. & A. M.

There will be a regular communication of Corinthian Lodge No. 542 A. F. & A. M., Monday evening, Sept. 26, 1910, at 8 o'clock. B. H. Taylor, Secretary.

NOW'S THE TIME TO DO THE WORK

City Should be Thoroughly Cleaned.

This the Opinion of Civic Department of Woman's Club—Heartily Approves Suggestion That City Have "Cleaning Up Week"—The Need of An Incineration Plant In City.

The work of the civic department of the Woman's Club has been launched and the committees are busy and are using their best efforts to make this a "year full of much-needed work accomplished." The department is much pleased to note that the matter of a fall cleaning is being agitated and it begs to endorse everything that has been said in its favor and expresses the hope that an early date may be set for this, that the unclean back yards and alleys may be made sanitary, our streets thoroughly cleaned, that property owners of vacant lots may have lots cleaned and rubbish hauled away, etc., etc.

Now is the time to do this and lets begin planning and preparing for it right way.

There are vacant lots in Fisher Park and other parts of the city, so filled with wild growth, black jacks, blackberry bushes and rubbish interwoven with vines of different kinds that the neighbors on adjoining lots say snakes, lizards and all kinds of "varmints," even burglars, could infest them as hiding places.

The appearance of the parks and streets in which these lots lie are greatly disfigured by them. Health conditions too would be greatly improved if owners of these lots would take this opportunity to clean up.

And just here we would like to ask where is Greensboro's dumping ground? We hear many complaints from property owners that rubbish of all kinds is being dumped on vacant lots that owners try to keep clean. A city the size of Greensboro should be more progressive and up-to-date than to allow the rights of her citizens to be so infringed upon and the health of her people so endangered, but should own an incineration plant and have every vestage of rubbish, trash and garbage of all kinds, burned. Why should trash be dumped anywhere but into a burning fire or furnace? Who wants their fields to look filthy and repulsive by heaps of trash and rubbish as is seen along some of our country highways? Is this consistent with our progressive ideas of fine macadam roads through beautiful fields of green?

We do not like to think that Greensboro is more slovenly in her habits than other cities but when we look about us we can but feel that there is much room for improvement. Mr. Jas. T. Fendall, a city engineer, of Baltimore after a trip through the west says:

"One of the best things I saw in the West was the up-to-date equipment Minneapolis has for the disposal of her garbage. Situated on the outskirts of the city is an incinerating plant in which all the garbage from the city is burned. The manner of the collection of garbage is different to what it is here. Every housewife in Minneapolis wraps the garbage up in a piece of newspaper after the liquid part has been drained in the sink and she places the garbage in a box in the yard. By this all the old newspapers are disposed of and the package remains dry and cleanly and a breeding place for flies is removed. After the garbage is collected from the boxes all over the city the wagon is sealed and the trip to the railroad station is begun.

"Ariving there the entire body of the wagon is lifted off the running gear and wheels and is placed aboard a steel car that is also sealed when its full load has been received.

"An engine then takes the car to the disposal plant and here the sanitary method continues for the car is emptied in a sealed room. The wagon bodies are then carried to the doors of the furnace and their contents then emptied into a blazing hole. From the time the garbage is wrapped in the kitchin of the home it is undisturbed until it reaches the plant and even then it is not exposed to the air but is consumed by the terrific heat generated in the fire boxes. The newspapers about the garbage causes the offal to be consumed in a short while."

The Junior Civic League Committee of this department is preparing to give a Children's party to the members of the Junior League at an early date. Prizes will be awarded, the children will indulge in games, etc., after which refreshments will be served. The ladies are preparing for a delightful evening for the Juniors.

WILL BURN PALE FACE AT THE STAKE

Thrilling Exhibition to Be Given by Red Men Friday Night In Auditorium.

The Red Men of Greensboro have succeeded in securing Greensboro's big auditorium in which to give a grand exhibition on Friday night, September 30, at 8 o'clock. The admission fee will be only 25 cents. This is for all over the house with the exception of 10 cents extra for chairs in the boxes.

The show will begin at 8 o'clock and will last about an hour and a half. This is something new, and something the people of Greensboro have never had the pleasure of seeing before. The Red Men will have their Indian tents located in different parts of the arena. The performance will commence first by having a grand parade of some 200 Indians in full costume, followed by the capture of the enemy of some 100 whites. This, of course, is put up in the form of a sham battle which is very thrilling and exciting. After capturing the white man, or what is known as the pale face, they will then proceed to burn him at the stake. This alone is well worth the price of admission. Finally they will reproduce Mineota, Eno and Chickasaw in a big Indian war dance, each tribe reproducing their own individual dance, and then they will all join together in one universal war dance.

Tickets will be on sale at Wade's Cigar Place and at Fariss-Klutz's. Remember the general admission is 25 cents, reserved chairs in boxes 10 cents extra. It should be stated in this connection that the charge is to cover the cost of lighting the building and the rental charged by the Auditorium company. Had the building been secured free of charge the Red Men would not have charged an admission as they are not allowed to use the funds for any other purpose than above described.

CRIMINAL COURT COMES TO END

Final Adjournment Yesterday Afternoon.

Every Jail Case on Docket Was Disposed of During Term—Fine Progress Made Considering Fact That There Were Two Murder Cases and One Arson Case on Docket—Grand Jury Made Final Report Yesterday Morning.

The September term of Guilford Superior court for the trial of criminal cases came to a close yesterday afternoon, the final adjournment being just before three o'clock. Every jail case was disposed of during the term and considering the fact that there were two murder cases and one arson case on the docket great progress was made during the week.

When court convened Monday morning there were 108 cases awaiting trial and several were added during the week. Nearly every case that was ready for trial was disposed of and the docket is in better condition than it has been for the past two years. Solicitor Gattis stated yesterday afternoon that there were fewer cases continued on account of lack of time than at any term since he became prosecutor. At the last term of court about 75 cases were continued, while yesterday there were not more than 25 cases on the docket and some of these were not ready for trial.

The grand jury completed its work and made the final report yesterday morning. During the week thirty-five bills were examined and in nearly every case a true bill was returned. The county offices, jail, poor house, work house and convict camps were reported as in excellent condition. No presentments were made by the grand jury.

Yesterday morning the case against Samuel A. Ingle, charged with allowing a still to be operated on his premises, was taken up and the defendant found guilty. He was fined $200. An appeal was taken, the appeal bond being fixed at $25. The defendant was required to give a bond of $200 for his appearance pending the appeal.

Sam Allen was found not guilty on the charge of stealing a quantity of meat from a farmer living near the city. In a case charging him with retailing a nol pros was taken. Several cases of minor importance were continued.

MAY LEASE S. A. L. TRACKS.

Southern Power Company Is Planning Gigantic Scheme.

The following is from yesterday's Charlotte News:

The News learns on good authority that the Southern Power Company is planning to lease the Seaboard Air Line tracks from Monroe to Rutherfordton to operate as a link in their great interurban system of trolley cars. If their plans succeed they will run their trolley cars over the Seaboard tracks, between Monroe and Rutherfordton. The cars will connect with an interurban line which it is planned will extend from Salisbury to Durham.

The operation of the Southern Power Company's cars over the Seaboard Air Line tracks will, in no way interfere with the traffic of the Seaboard, if the scheme is carried through.

The distance from Rutherfordton to Monroe is 104 miles.

This is one of the most gigantic schemes yet devised by the Southern Power Company.

Alkahest Lyceum System.

Mr. S. H. Bryan, of the Alkahest Lyceum System, left last night for Atlanta after having placed lyceum courses in the following and other places: Greensboro, Danville, Lynchburg, Chatham, Charlottesville, Chapel Hill, High Point, Thomasville, Statesville. Next year, Mr. Bryan states, Greensboro will be made headquarters for the North Carolina and Virginia branch of the Alkahest System.

The Lights Ordered.

Mayor Stafford yesterday received a message from Mr. Z. V. Taylor, who was in Charlotte, to the effect that he had placed an order for the new street lamps and with favorable conditions hoped to have them burning by December 1.

FORTUNE ISLAND.

The Story of the Buried Prize of an English Buccaneer.

An English buccaneer, having looted and fired a rich prize, found himself pursued in turn by a Spanish pirate, and in order to save his treasure sought some isolated shore on which to bury it until the time came to divide the spoils with his followers. So he ran into the Bahama group and, landing on a low lying strip of sand and palm trees, cached his plunder and, naming the place Fortune island, sailed away. He left a number of negro slaves behind to guard the buried treasure, and the present inhabitants are said to be descended from these slaves. The Fortune islanders believe the old sea rover never returned for his chest and that it is still hidden somewhere near the tide level. It is no uncommon sight for tourists on the rare occasions when a steamer stops there to see some half naked black man digging in the sand, probably in obedience to a dream or other sign.

The natives are half civilized, exceedingly superstitious and very poon and live mostly on fish and fruit. They do not attempt to plant vegetables, prefering to rely on the bounty of nature, as the fierce hurricanes that sweep the Bahamas soon uproot and destroy gardens. The little colony is huddled together in a collection of squalid huts that are blown clear away in nearly every storm and have to be built anew. The island is nine miles long and a mile wide at the broadest part and lies 110 miles northeast of Cuba. — New York Press.

The Gratitude of Elderly People

Goes out to whatever helps give them ease, comfort and strength. Foley's Kidney Pills cure kidney and bladder disease promptly, and give comfort and relief to elderly people. Holton Drug Co.

"And you are experienced in compounding prescriptions?" asks the druggist of the applicant. "Sure!" is the jaunty response. "I can mix juleps, gin rickeys, sherry flips, plain and old-fashioned toddies, 20 kinds of cocktails, all the bracers there are and——" "Great Scott! Where did you learn pharmacy?" "In Kansas, in a prohibition county."—Life.

Two Short Words,

"The best," well describes the satisfaction every user feels when he tries Vick's Croup and Pneumonia Salve for his head or chest cold, or his croupy child. It is a comfort, a cure and a joy. Try a jar and get your money back if not pleased.

"I suppose you noticed there were 13 people killed in my play," said the author of the melodrama, proudly. "Yes," replied the critic, "but I think the audience would be more pleased if you numbered the leader of the orchestra among them."

Sound mind in sound body is best condition for our highest achievements. Sound body depends on the liver and bowels performing regularly their proper function. Vick's Little Liver Pills correct irregularities and keep these organs in fine shape by this gentle, harmless aid.

The girl who has never had her portrait done in crayons by a girl friend doesn't know what it is to have her pride humbled.

A striking situation—When the hands of the clock both point to 12.

POINTED PARAGRAPHS.

Contrary to the old tradition, the world is full of people who dance and don't pay the piper.

Women would be better if they looked into their hearts as often as they look into their mirrors.

First Doctor—"The only sure cure for the grip is whisky." Second Doctor—"What do you want to do, start an epidemic?"

Nell—"She says she is the apple of his eye." Belle—"That's what might be called the fruit of egotism."

Tommy—"Pop, what is economy?" Tommy's Pop—"Economy, my son, is something we are always going to put in practice next month."

No matter how hard times are, 50 years hence these will be the "good old days."

Laugh and the world laughs with you, unless you happen to be laughing at your own jokes.

Many a man who complains that he never had half a chance wouldn't recognize a whole one if he saw it.

A Good Position

Can be had by ambitious young men and ladies in the field of "Wireless" or Railway telegraphy. Since the 8-hour law became effective, and since the Wireless companies are establishing stations throughout the country there is a great shortage of telegraphers. Positions pay beginners from $70 to $90 per month. with good chance of advancement. The National Telegraph institute operates six official institutes in America, under supervision of R .R. and Wireless Officials and places all graduates into positions. It will pay you to write them for full details at Cincinnati, O., Philadelphia, Pa., Memphis, Tenn., Davenport, Ia., Columbia, S. C., or Portland, Ore., according to where you wish to enter.

The Peruvian aviator, who flew over the Alps, got both legs broken and his left thigh broken—but he went over. The new art of aviation exacts a heavy toll, but there are men who will pay the price.

The new fall hats are noteworthy for their height. So is the price.—Danville Register.

Woman's beauty is mighty and will prevail. But it is going to be put to the severest test in history by the new fall hats.

The large cities have in the main grown rapidly, but Baltimore is an exception. The census returns show that its growth in the last years was only ten per cent. It has fallen from sixth to seventh place in population, Cleveland having advanced to sixth. What's the matter with Baltimore?

Colonel Roosevelt says he wants to clean out the New York bosses. State Senator Brackett, of New York, does not see the use of jumping out of the frying pan into the fire. Says he, "It is a lamentable fact that at a time when a chance offered of cleaning up the bosses, an event for which some of us have prayed for years, the alternative is taking another boss." If Mr. Roosevelt should win out over the "old guard" it would be only a case of a "new guard."

Our former valued employe, Mr. Edney Ridge, has joined the cavalry branch of the United States Army and in doing so has advertised himself, The Telegram and the U. S. A., by occasioning a newspaper story from Atlanta widely circulated describing the circumstances of his enlisting. Mr. Ridge was The Telegram's advertising expert and the manner of his joining the army showed that in becoming a soldier he did not abandon his appreciation of the fine art of advertising.

As was foreseen from the developments of previous meetings, the meeting of the Aldermen Friday night resulted in a decision to accept a proposition from the North Carolina Public Service Company to light the streets of the city. The people generally are glad the matter has been settled. The town is very poorly lighted and has been a long time. Better lighting and more of it is the watchword in Greensboro now. It is a forward step and one in which all patriotic citizens can afford to rejoice.

Tuesday night at the court house there will be another mass meeting to consider the proposed new charter. It is hardly necessary to say that this and all similar meetings are of very great importance and should be attended and participated in by every loyal citizen. Of course, the charter can be amended at any session of the Legislature, but it should be gotten at the very outset as nearly perfect as is possible. Turn out Tuesday night and discuss the charter. One or more of the most important sections will come up then.

Champ Clark attributes a substantial part of the present brightness of Democratic prospects to the fact that the Democratic members in the House of Representatives got together and thus set an example to Democrats throughout the land. A little bit of harmony does a lot of good. The Democrats are more nearly of one mind than they have been in years. They will surely make big gains in the Congressional elections and, barring untoward developments, should land the Presidency in 1912. Minority Leader Clark proposes tariff reduction as the principal plank in what he believes would be a winning platform before the people. He believes, and many other great Democratic leaders apepar to agree with him, that the time is ripe for the tariff to be revised by some persons other than its "friends."

The Asheville Citizen thus summarizes the recommendations made with reference to the city of Asheville by President Finley, of the Southern, in an address Friday night in the Buncombe county court house:

More modern hotel accommodations.

Entertainment for tourists after they get here.

Better methods in development of farming.

More attention to live stock growing.

Cultivation of sugar beets and establishment of factories.

Intelligent use of forests combined with conservation.

Manufacture of raw material at home.

Conversion of leather into shoes, stone into lime and building material, clay into pottery, wood pulp into paper, etc.

What's good for Asheville is good for any other city. The lines of activity mentioned by Mr. Finley could not be followed in any community and section without adding quickly and decisively to the resources and population of the community and section.

Carried To Asylum.

Deputy Sheriff Weatherly left yesterday afternoon for Morganton, carrying Nannie Chrismon, the girl who has been raving mad for the past week, to the asylum for the insane. Jailor Apple was greatly relieved when she was taken out of jail. He states that she was the worst case he has ever had to deal with.

Return After Attending Son's Funeral.

Mr. and Mrs. J. D. Raker have returned from Lexington where on Friday they buried their 18-year-old son. The young man was a telegraph opeartor for the Atlantic Coast Line at Pee Dee, S. C., and died rather sudden from some acute kidney trouble in the Coast Line hospital at Rocky Mount.

Major Stedman At Home.

Major C. M. Stedman returned yesterday afternoon from a tour of the eastern part of the district where he has been making campaign speeches. Major Stedman stated that he was cordially received at every place he visited and the outlook is for a large Democratic majority in every county he has visited.

CLIP HOUSEHOLD COUPONS

And Secure Valuable Premiums With Them.

You are not obliged to sign a contract or take the paper for any fixed period. Just keep getting it, as long as you like it, and cut out the coupon on Page 2 every day. Then, when you see the premium you want, bring the amount of cash required and it is yours at a fraction of what an article of equal value would cost you.

Beautiful Mission Clocks, Mantel Clocks, Spoons, Forks, Knives, Thermal Bottles, Lamps, Fireless Cookers, and other valuable utilities.

Don't be disappointed if the first premium announced is not your "pet"—it is pleasing someone else. Whatever your taste we have the article, and when it is announced you will be pleased.

Caution: Only a complete set of 30 coupons of consecutive numbers will be accepted in connection with this premium offer, and under no circumstances will back numbers of this newspaper be sold to premium buyers. You can start any time. All that is necessary is to save your coupons daily for 30 issues.

The Household Premium Coupon will be run in each regular issue for an indefinite period on Page 2, each day bearing its proper date and number. Cut out the coupon every day, save the coupons until you have 30 in consecutive number and date. Then bring or send them to The Telegram office and get your selection.

Remember, you are not compelled to pay a few cents extra each week, year after year—just take the paper while you care to—as long as you like us—as long as we make good. That's it! If we make good—take the paper—and get the advantages a live newspaper can give you.

Start saving coupons now—don't wait and regret.

Beware of Ointments for Catarrh that Contain Mercury.

as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucuous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do in ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucuous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.

Funeral of Peter H. Adams Monday Morning.

Contrary to expectations the body of the late Peter H. Adams, of Erie, Pa., did not arrive in the city yesterday morning though a delegation of friends was at the depot to meet the remains on No. 37. Soon after the arrival of the train, however, Mrs. S. C. Dodson, a relative of the deceased, received a telegram from Mr. Griswould Adams saying that he would arrive here tonight with his father's remains. Accordingly the funeral has been fixed for Monday morning. It will be held from the residence of Mrs. Dodson on East Market street and interment will be made in Green Hill cemetery.

MUCH TAGGED CAR.

Messrs. A. L. Riggs and Leo Sherard Making Long Run In Regal Plugger.

Messrs. A. L. Riggs and Leo Sherard, of Atlanta, arrived in the city yesterday afternoon from Winston in their Regal Plugger, a car that has traveled more than 30,000 miles since it left the factory the first of the year. That it has traveled a good deal is evident by the fact that there is half a bushel more or less tags stuck and tied on the different pieces of the machine. It attracted a good deal of attention on the streets.

Messrs. Riggs and Sherard took charge of the car in Norfolk, leaving that place on Sept. 15. Since that time they have traveled a distance of 800 miles. The whole tour is to test the enduring qualitites of the machine. Since it left the factory the machine has been in every state in the union excepting eight. It is now traversing North Carolina and will then visit the principal cities in South Carolina, Georgia, Albama, Florida, Louisana, Mississippi and Tennessee.

Leaving here the party will go to Raleigh and the principal cities in the eastern part of the state, after which they will go to Asheville, via way of Charlotte.

Several Arrests Made.

The police made several arrests late yesterday afternoon and last night. Wes Craig and Frank Boyd were arrested on the charge of fighting and they will give an account before Judge Eure Monday. Alice Crite and Nannie Meyers were arrested on the charge of keeping a disorderly house. Jessie McCauley was arrested for beating a ride on a train.

FAIR IS ONLY TWO WEEKS OFF

Secretary Daniel States That All Available Room In Main Building Has Been Taken—Some of the Exhibitors—Races Will Be the Finest Ever Seen In State—Number of Free Attractions.

The big Fair is now approaching and Secretary Daniel has things painted up and rounded up in better shape than ever before. His corps of fifteen men have returned from their advertising trips and they state that if every one comes who say they are coming, Greensboro will not hold the crowds during Fair week. This Fair has grown to be very popular in every respect, and as Mr. Daniel personally keeps watch over the exhibits of all kinds, Midway, horse racing and free attractions, and has had experience of some four or five years, he has the advantage of insight and realizes what is best and what the public wants, and what pleases most. We must say that this Fair has improved considerably morally, as he has educated the people to the extent that they realize that it is not necessary in order to run a Fair to have set spindles, doubling up or pyramiding games that fleece the unsuspecting public. Of course he realizes that it is necessary that there should be some amusement there, and they are of such a type that none can get hurt. As to the shows, he has this year barred what is known as girl shows; that is, the houci-couci which only pleases a few and borders on the immoral.

As to the races, these will be the finest ever seen in North Carolina. We are not saying it boastingly, but Greensboro is the only Fair in the State who filled her stake races. This is due to the energetic work and efforts of Secretary Daniel and the popularity of the Central Carolina Fair. When Greensboro is mentioned to the horsemen they smile and say "That is the town where we are sure to get a square deal."

The exhibits this year in agricultural department will be something magnificent. We are very much afraid they will be overflowing. As to the chicken department, this is under the auspices of the Guilford County Poultry Association and we understand that they have thousands of inquiries and lots of entries already received.

As to the Main Hall upstairs and down there is not a booth to be had for exhibiting purposes. Everything has been taken and it looks now as if the association should build or add to their main hall, as there are lots of exhibitors inquiring whom they cannot take care of. The Central Carolina Fair in Greensboro, N. C., is second to none and it is owing to the fact that the community as a whole boosts instead of knocking.

One of the many attractions will be the exhibit made by Cheek-Huston Piano & Organ Co. who will give away Friday, the last day of our fair, a $450.00 Kimball piano. This costs you nothing to take a chance as all Mr. Huston requires is to go to his booth and register your name. He will give you a coupon which entitles you to a chance on the piano which will be given away by the association Friday evening, October 14, at 4 p. m. Th enumerous exhibits in the hall consist of leading merchants of Greensboro such as Huntley-Stockton-Hill; Cable Piano Co.; Ellis, Stone & Co.; Calahan-Dobson Shoe Co., J. Van Lindley Nursery Co., Columbia Laundry, Vanstory Clothing Co., Meyer's Department Store, Jenkins & Bros., shoe manufacturers, Winston, N. C.; Cheek, Huston Piano Co., Cone Sign Works, Wills Book & Stationery Co., Goose Grease Liniment Co. On this same floor the Proximity and White Oak department will give a magnificent display of their products educational and mechanical showing what Proximity and White Oak does for both Greensboro and their community. They have an educational department under direction of Prof. Hammel who is now at work. Then comes the art department under direction of Mrs. W. J. Halladay, fancy work department, Mrs. Adams and Miss Queenie McDonald; pantry display, Mrs. Hodgin and Mrs. Rankin. All these departments are full to overflowing and this fair will be worth your while to attend. In fact, instead of a fair, it looks more like an exposition and we might state that Greensboro is agitating the idea of running an exposition in connection with the Fair for 1911, 1912 and so on, thereby making this Fair to run for, say two to three weeks.

On the first floor there are such exhibitors as High Point Buggy Co., M. G. Newell Buggy Co., F. N. Taylor Buggy Co.; American Motor Car Co., Automatic Bed Spring Co.; Newman Machine Co., Wysong & Miles, Mendenhall Mfg. Co., W. C. Bain, Pomona Terra Cotta Co. In connection with this will state that the state sends their Mr. Schaub who will make a beautiful agricultural exhibit. Next comes Prof. T. R. Foust who will be in charge of the Boys' Corn Growing Contest which we hope will be most satisfactory and we are sure this will grow to be the biggest department in the association.

Messrs. Woods & Sons, of Richmond, will make an exhibit of their fine seeds; the A. & M. College will also have a booth showing both educational and agricultural features of their institution. The Y. W. C. A. through the efforts of Miss Cain has secured a booth wherein they will make a rest room a place to take care of the ladies and children who, in going about the greater portion of the day trying to take in the magnificent displays in all departments have become weary; there they can rest, get a glass of ice water and a hearty welcome. We might use columns of our paper to tell you of the mammoth thing the Fair of 1910 will be, but as Mr. Daniel says, it is a Fair that never disappoints, so come and see for yourself.

His free attractions are many, Anything from a balloon race to a horse race. Some very fine shows will be here this year: Fred Darling Dog and Pony Show who has been playing in Canada for the last six months, George Rollins Animal Show, the finest that travels in the South; Burk's Wild West Show. The Midway is filling up very rapidly and a number of the churches of Greensboro have booths there for the purpose of feeding the hungry and have assured Mr. Daniel that they will have something good to eat.

Don't forget the dates October 11, 12, 13, 14, 1910.

Commissioners Met Yesterday.

The County Commissioners were in special session yesterday for the purpose of inspecting the McConnell road, or rather that portion to be macadamized. They went over the road as surveyed and decided that it was all right. The work of macadamizing will begin in about two weeks. The Public Service Company was instructed to macadamize between the car tracks on the lower end of Asheboro street.

Finishing Mill Defeats Church Street.

On the Fisher Park diamond yesterday the Finishing Mill baseball team defeated the Church street team by the score of 6 to 4. The feature of the game was the pitching of Beasley, who struck out 16 men.

MANY FORMER STUDENTS BACK

To Resume Work at Normal College.

For This Reason the Opening This Fall Was Most Auspicious—More Than Five Hundred Students Enrolled—Considerable Extension Work Undertaken.

The State Normal and Industrial College began its nineteenth year of work on September the nineteenth, 1910. The opening of the college this year is more auspicious than in any former year for two main reasons. One of these is the fact that the proportion of former students returning for further work in the college is much greater than it has ever been before. This year about 325 former students returned, while last year there were only 250, the whole number of students remaining the same. This means a great deal to the College, in that it makes the student body much less unwieldly to work with! for the larger number of students having grasped the spirit of the institution and its methods of procedure are able to make the work of the various departments progress more evenly and to bring such influence to bear upon the new students that these fall more quickly into the attitude of mind required of them. This larger proportion of former students means, too, and a greater thing it is, that the young women of North Carolina are feeling more and more the necessity o fcompleting the full course of studies, so that they may be properly equipped to train the young minds of the children entrusted to them in their teaching.

A second factor which makes the opening of the session most favorable is the fact that the new students are better prepared than any former body of new students to enter upon their work in the college. Applicants for admission to the college are being held, as far as it is practicable, to the regular entrance requirements for all the leading colleges of the East as established by the Board appointed for that purpose. Students are prevailed upon to finish the work in their home preparatory school before coming to the Normal College. In doing this they lessen the burden of preparatory work which unnecessarily taxes the various departments of the college, taking the time and energy of the teaching force always in demand for the regular college work; and the minds of these students when they come to the college are better ready to enter into the new methods of work.

Directly or indirectly, at least two hundred applicants for admission to the college were refused on account of lack of room. The whole number of students enrolled is about 540. Ninety of the 215 new students were entered from accredited schools.

The college has undertaken this year to do much in the way of extension work; to give the best thought of its faculty in their various departments to the people of North Carolina, thus bringing into close touch with each other the people of the state who gave the college and those in the college who are giving their best to it. The college plans to issue a certain number of vulletins during the year, each bulletin to contain material along some line of work carried on in the college of vital interest to all the people in the State. The first bulletin will treat of domestic science, the discussion being made by Miss Minnie Jamison, the efficient head of the department of domestic science. There will be a bulletin on home hygiene, one on home decoration, and one issued by the English department, which will suggest lines of study for the various literary clubs of the State.

The directors of the physical culture department are aiding in the extension work by taking charge of the physical culture in the Young Women's Christian Association of Winston-Salem. Instruction is given every Friday evening, with the understanding that teachers from nearby schools and those preparing for teachers shall be received into the classes.

The college has also sent out under its auspices Miss Anna Meade Michaux, formerly supervising teacher in the Training school, to be supervisor of elementary schools in Forsyth county, the money for the work being furnished by the Southern Education Board.

Besides supervising the elementary schools, assisting the teachers in their work, Miss Michaux will be of aid in any way that she can to the community. It is to be hoped that the results of this work will make every county of the State demand a supervisor of elementary schools and that an entirely new field of work will be opened to the graduates of the college where they will have latitude to allow them to apply the full benefits of their training.

Besides the plans for its extension work ,the college has under consideration several other matters among which are the establishment of the unit system of requirements, the giving of one degree in specialized groups of study instead of the four degrees now given, the requirement of an elementary course in home economics for all students, and the teaching of pedagogical principles earlier in the course than at the present time.

The college has in many ways the outlook for a year full of the most favorable results.

Mrs. Jacob Wilmert, Lincoln, Ill., found her way back to perfect health. She writes: "I suffered with kidney trouble and backache and my appetite was very poor at times. A few week's ago I got Foley's Kidney Pills and gave them a fair trial. They gave me great relief, so continued till now I am again in perfect health." Holton Drug Co.

Is it the Hair or Face that makes the Woman?

If you think it is the face, take another look at the two heads pictured here. One shows a girl which the most critical would pronounce beautiful.

While her features are fairly perfect her greatest charm lies in a mass of fine lustrous hair. The opposite picture is identical as to features and other detail except that the wealth of hair is wanting.

Both of these ladies would attract atention anywhere but each for a different reason, one on account of her superb beauty and the other on account of her comical appearance.

The hair makes all the difference. A woman loses her good looks in exact proportion as she loses her hair.

Newbro's Herpicide Saves the Hair

There is nothing which is so destructive to the hair as dandruff.

This annoying trouble to which everyone is more or less exposed is due to the working of an invisible growth or microbe called the Dandruff Germ.

It robs the hair of the snap and luster of health, burrows down into the follicle and eventually loosens the hair, allowing it to fall out.

Newbro's Herpicide applied regularly and intelligently kills this germ, keeps the scalp clean and hair healthy.

Falling hair is thus prevented and, if the hair follicles have not become atrophied, a new growth of hair may be anticipated.

The life and luster of Herpicide hair is beautiful to see, is unmistakable.

An abundance of fluffy, glittering hair is woman's chiefest beauty and to permit its needless destruction is unpardonable.

KILLS THE DANDRUFF GERM STOPS FALLING HAIR

THERE IS NOTHING JUST AS GOOD

Some druggist, who thinks more of a dime than he does of the real good of his customer, may try to sell you something "just as good" when you ask for Newbro's Herpicide. Insist on having the only Original Dandruff Germ Destroyer.

SLIPPER WINS HUSBAND.

Man Who Found it Seeks Out the Modern Cinderella.

New York Press.

Some time this fall a dainty slipper will be thrown after Mildred Mermelstein, of 215 East One Hundred and Thirteenth street, for double good luck. It won her a rich husband, and Samuel Newman got a wife in a way that makes the bride-to-be a real up-to-date Cinderella. Except for the slipper, Newman might have lived for years a lonely bachelor in his home, 510 Wendover avenue, the Bronx.

Three weeks ago Miss Mermelstein went to a dance with several girl friends. The strain of dancing broke the strap on one of her little satin slippers, and she was forced to use a common, unromantic pin to repair the break. Afterward the girls returned home in a trolley car, which Miss Mermelstein was the last to leave. She had just placed her foot on the pavement when she felt the pin snap, and the satin slipper gave way again. She called to the conductor to stop the car, but too late. He already given the signal to the motorman, and the car sped on carrying the slipper and leaving Miss Mermelstein standing in the road blushing with dismay. With her friends shielding her from the gaze of curious persons, she managed to get home, deeply grieved at the loss of the slipper and not suspecting the incident would prove a turning point in her life.

In the car was Samuel Newman, 24 years old, but already tired of a Bronx bachelorhood. He noticed the tiny slipper as he was about to leave the car and remembered the young woman who got off the car a few seconds before. Putting the slipper in his pocket, he hurried to the block where Miss Mermelstein alighted(only to find she and her companions gone away. Then he decided to take the slipper home, and the next day he put an advertisement in several newspapers, offering to return the slipper to its original wearer.

Miss Mermelstein read the advertisement and answered with a brief note to Newman, giving her address. The man did not stop to send an answer by mail, but hurried to the young woman's home. There, as the slipper fitted Miss Mermelstein's foot and she had the mate, he was assured he had found the rightful owner. But that is only the beginning of the story.

Newman felt that his acquaintance with the young woman ought not to end there. He followed the usual method in such cases of finding an excuse to call again, and thereafter he found many more excuses for the same purpose. The acquaintance ripened speedily into friendship, and yesterday came news of the engagement, which will be announced formally.

Don't Break Down.

Severe strains on the vital organs, like strains on machinery, cause breakdowns. You can't over-tax stomach, liver, kidneys, bowels or nerves without serious danger to yourself. If you are weak or run-down, or under strain of any kind , take Electric Bitters the matchless, tonic medicine. Mrs. J. E. Van de Sande, of Kirkland, Ill., writes: "That I did not break down, while enduring a most severe strain, for three months, is due wholly to Electric Bitters." Use them and enjoy health and strength. Satisfaction positively guaranteed. 50c at Fariss-Klutz Drug Co.

Valuable Experience.

"Well, have you learned anything from our experiment at making garden?"

When Merit Wins.

When the medicine you take cures your disease, tones up your system and makes you feel better, stronger and more vigorous than before. That is what Foley's Kidney Pills do for you, in all cases of backache, headache, nervousness, loss of appetite, sleeplessness and general weakness that is caused by any disorder of the kidneys or bladder. Holton Drug Co.

New Fads.

"Do you chew your food 50 times?"

"Well, that's a good crusade and I'm for it, but I haven't time just now. I have joined a movement which obligates me to kill 50 flies every day."—Pittsburg Post.

A Reliable Medicine—NOT A NARCOTIC

Mrs. F. Marti, St. Joe, Mich., says Foley's Honey and Tar saved her little boy's life. She writes: "Our little boy contracted a severe bronchial trouble and as the doctor's medicine did not cure him, I gave him Foley's Honey and Tar in which I have great faith. It cured the cough as well as the choking and gagging spells, and he got well in a short time. Foley's Honey and Tar has many times saved us much trouble and we are never without it in the house." The Best $3.50 Shoe in the World is Made in Lynchburg, Va.

THE South makes the best $3.50 shoe that money can buy or skilled labor put together. The South can well be proud of this fact, for it is a boast made good over generations of shoemakers in New England and all the other shoe sections combined.

$3.50 or $4.00 paid for a CRADDOCK SHOE will buy, for any Southern gentleman, more good leather, more style, more fit and better workmanship *than any other shoe manufacturer can afford to offer at this price.*

Why? Because climatic, living and labor conditions are more favorable than in New England. Because shoes can be shipped out of Lynchburg to any point in the South for less than from the West or New England. Because rents are less, Insurance is less, Taxes are less.

To sum it up in a few words—the makers of the CRADDOCK SHOE can give Southerners more value, detail for detail, point for point, more actual money value in leather, style, durability and comfort, at this price, than any other manufacturer in the world, because it actually costs less to do business. This saving is put into the wear and worth of the CRADDOCK SHOE.

To compete with these natural advantages and sell at the same price New England and Western makers scrimp and cut and shave the difference out of the shoes they send South.

In the hidden places they scalp a cent, a half cent, a fraction here and there. These make up the cost of competition—but what about the value of the shoe they offer?

The CRADDOCK SHOE—made by the most skilled, native, white labor—made from honest stock, —sold at an honest price, will wear thirty days longer than any other shoe at the same price.
